

## **Residential Life Policies**

# **Safety**

Safety is a top priority at LSU. LSU is staffed by a 24-hour, 365 day a year professional police force that is available to handle emergency situations. However, safety is a shared responsibility. As such, we expect conference groups to be prepared in the event of an emergency. Please review the following safety policies, procedures and recommendations.

## ***Emergency Evacuation***

Conference guests are required to evacuate buildings when an alarm sounds, emergency flashing lights have been activated, or when instructed to do so by LSU staff members or emergency personnel. Re-entry into a building is prohibited until approved by LSU staff members or emergency personnel. Evacuation procedures are posted in the buildings.

## ***Fire Alarm/Emergency Situations***

If the fire alarm sounds, please be prompt in evacuating the building via stairwells. Conference Staff will address the alarm/fire. For any emergency situation, contact LSU-PD at 578-3231 or 911 from a campus phone. Do not tamper with the fire alarm equipment under any circumstances. Please do not exit through labeled alarm doors unless there is an emergency situation.

## ***Safety/Security/Fire Equipment***

Safety equipment including sprinklers, smoke detectors, heat sensors, fire exit signs, fire extinguishers, pull stations, hoses, alarm bells, and any other safety equipment is necessary to safeguard guests. Activating, handling, using, or interfering with any fire or safety equipment for any reason other than an emergency is prohibited at all times. Examples include but are not limited to discharging fire extinguishers, touching fire alarm pull stations or fire hoses, hanging objects from sprinkler heads, tampering with exit signs, or striking safety equipment with an object.

## ***Security***

Residence Hall security is a shared responsibility. Always lock your door and carry your keys. Do not unlock or prop open exit doors. Report suspicious persons to the front desk. Avoid going out alone at night and always carry an ID and emergency numbers with you.

## ***Sprinkler System***

Most rooms in the residence halls and apartments have a sprinkler system. Do not tamper with the heads protruding through the ceiling or wall. If the red glass cylinder is broken, a large amount of water will flow through this head and damage everything in the area, possibly including other rooms. Do not hang anything on the sprinkler head, as it could cause the glass to break and start the water flowing. If a sprinkler head is broken from guest negligence, the guest/group is responsible for all damages incurred. The sprinkler system is also tied into the LSU central system, which notifies the police that there is a fire in the building and activates the building alarm. If you notice any leaking from your sprinkler system contact the front desk immediately to report the leak.

## ***Personal Safety: What can you do to protect yourself?***

- Avoid walking alone at night unless absolutely necessary. When walking, keep to well lit, commonly traveled routes.
- Familiarize yourself with campus. Avoid taking shortcuts and dark, isolated areas, especially at night. Walk purposefully, know where you are going, and project a confident image.
- If you feel threatened, locate an emergency phone or enter a store or place of business even if you have just left it.
- Have your room and car keys ready; carry them in your pockets or have them easily accessible.
- Lock your doors and windows at all times.

***Community Safety: What can you do to protect our residence hall and apartment communities?***

- If you see suspicious persons in or around the residence hall or apartments or feel threatened at any time, contact the LSU Police Department (225-578-3231) immediately and report it to the front desk of your residence hall or apartment.
- Never prop open a door.
- Never let someone you do not know into a building.
- Observe all policies and procedures.
- Report any security concerns to a conference staff member.

***Call Boxes***

Emergency telephones have been added to some parking areas and at the entrance of most residence halls. To operate the emergency phone, simply press the red emergency button. It will connect you directly to LSUPD. Speak into the speaker. You may call other on-campus numbers from the phone by pressing the black call button and dialing the telephone number.

***Severe Weather Procedures***

In case of severe thunderstorms or tornados, you should immediately move to the interior of your residence hall or apartment, away from windows. In the event of a hurricane, the University will provide instructions via the Conference Housing staff. In all severe weather situations, be sure to stay in contact with and follow the instructions of Conference Housing staff members.

***Evacuation Procedures***

The following locations will be used in the case of an evacuation, such as a fire alarm. Please find the nearest exit and stand at your hall's assigned meeting area and wait for further instructions. Outside evacuation locations are also listed. If weather or other circumstances are not favorable for assembly outside, conference guests should go to the indoor location listed. When a fire alarm or evacuation alarm is activated, you are required to immediately evacuate the building.
